Courses taught in English at Albstadt-Sigmaringen University, Germany as of 19.11.2018.

Bachelor level

If not mentioned otherwise, the classes will be offered during each semester. The number in the right hand column with the column title **Sem.** indicates the semester level (i.e. $3 = 2^{nd}$ year, 1^{st} semester; $6 = 3^{rd}$ year, 1^{st} semester). Students can mix classes from each semester level (Bachelor students only on Bachelor level, Master students on both Bachelor and Master level) and also from different campuses.

Courses related to Business: a) Albstadt campus:

| Lecturer | Title | Code | Credits | Sem. |
|----------------|---|--|---------|------|
| Prof. Gerhards | Quality Management I: The students get an overview of the different aspects of quality and quality management. The students get an overview of processes in product- an quality management of clothing companies and their influence to quality The students learn the link between quality and sewing faults. The students learn different methods to find the reasons for bad quality | IP 20090 (BT 24010) | 2 ECTS | 4 |
| Prof. Gerhards | Quality Management II: The students learn the necessity of quality- management-systems in companies The students get an overview of the ISO 9000 ff family and learn to work with it The students can develop the philosophy of Total Quality Management out of ISO 9004 | IP 20100 (BT 24530) | 3 ECTS | 6 |
| Prof. Kimmerle | Textile Ecology and sustainability In the lecture, we examine and elaborate possible strategies for textile and clothing companies, how to setup an efficient working CSR team. We compare certification facilities and best available technologies within the complete global textile supply chain. From the idea, through efficient product development processes of garments and textile products, social and sustainable production processes and facilities, logistics to the retail and end of use of the products, we try to leave as little as possible footprint. Keywords: Case Studies, Eco labels, Textile Alliances, Green Technologies, Restricted Substance lists, EMAS, GRI, GOTS, Bluesign, Ökotex, Fair Wear Foundation, SA8000, Carbon Footprint, | IP 20055 | 4 ECTS | 6 |
| Dr. Thudium | Textile Exchange, International Business Studies / Global Economy: Economic systems Basics on microeconomics as well as macroeconomics Monetary policy | IP 40021+ IP 40022 (WI 41011 +WI 41012) | 8 ECTS | 7 |

| Prof. Dr. Sommer | Practical Research Project I/ Introduction to Scientific Research Students learn how to do research in the first part of the semester and then start a project to demonstrate their acquired knowledge in a technical or business-related area | IP 40015 (WI 24505 StuPO 13.2) | 5 ECTS | 4 |
|---------------------|---|--------------------------------------|------------|---|
| To be determined | Project work for Bachelor thesis Topics to be discussed (only for students in their final year with major in Business) | WI 51010 | 12 ECTS | 7 |

b) Campus Sigmaringen (detailed module descriptions please see at the end of the Bachelor's section)

| Lecturer | Title | Code | ECTS | Sem. |
|------------------|--|--|------|------|
| Prof. Dr. Wolf | International Business 1 Global trade/FDI, global markets, international strategies, internationalisation theory, intercultural aspects, country assessment, ethics, etc. | IP 60020 (BW 37510) | 6 | 6 |
| Prof. Dr. Sachse | International Business 2 Corporate Governance, CSR, risk management, International Human Relations, International Marketing, International Operations Management, International Organisational Design, etc. | IP 60030 (BW 38010) | 6 | 7 |
| Prof. Dr. Wolf | International Business Seminar – Case Study Analysis Case Study Analysis, Harvard Case Study Method, on International Management Behaviour, International Business, International Marketing, Internationalisation Process Two group assignment, scientific paper, presentations on current topics of IB | IP 60041 + IP 60042 (BW 38511+ BW38512) | 6 | 6 |

Courses related to Textile (Albstadt campus only):

| Lecturer | Title | Code | Credits | Sem. |
|---------------------|---|--------------------------------------|------------|------------------------------|
| Prof. Gerhards | Industrial Manufacturing I The students learn basic sewing methods The students learn how to sew pockets, cuffs and collars. The final project will be the production of a men's shirt. | IP 20020 (BT 14500 StuPO 13.2) | 6 ECTS | 1, spring sem. only |
| Prof. Baum | Pattern Construction Basic pattern construction for blouse, dress and skirt Modifications of darts, variation of sleeves Size charts for different product groups (men, women, children) Mass costumization | IP 20010 (BT 14010 StuPO 13.2) | 3 ECTS | 1, spring sem. only |
| Prof. Gerhards | Industrial Manufacturing IV The students learn the sewing of a men's jacket step by step. The final project will be the production of a women's jacket according to self-chosen sizes. ! Only for students who have a solid knowledge of sewing. | IP 20080 (BT 23530 StuPO 13.2) | 5 ECTS | 4 |
| To be determined | Industry-related project Textile-related Only for students with a background in textile who know how to design and sew garments. | IP 20110 (BT 25010) | 12 ECTS | 6 |

| To be | Project work for Bachelor thesis | BT 51010 | 12 | 7 |
|------------|--|----------|------|---|
| determined | Topics to be discussed, please contact us in advance. Only for Textile students in their final semester. | | ECTS | |

Courses related to Informatics (Albstadt campus only)

| Lecturer | Title | Code | Credits | Sem. |
|------------------|--|------------------------|------------|------|
| to be determined | Project Business Informatics Pre-requisite: Student must be proficient in programming in Java, C# and C++ | IP 50030 (WN 31310) | 5 ECTS | 5 |
| to be determined | Project work for Bachelor Thesis Pre-requisite: Student must be proficient in programming in Java, C# and C++, only for students in their final study semester. | WN 40310 / TI 51010 | 12 ECTS | 7 |
| to be determined | Internship semester on request for students who are staying for 2 semesters | | | |

Courses related to Engineering (Albstadt campus only):

| Lecturer | Title | Code | Credits | Semester |
|------------------|---|------------------------|---------|----------|
| To be determined | Project work for Bachelor thesis Topics to be discussed Only for students who are in their final year in Mechanical Engineering. | MA51010 | 12 ECTS | 7 |
| To be determined | Project Topics to be discussed, only for students with background in Mechanical Engineering | IP 30010 (MA 33500) | 10 ECTS | 6 |

Courses related to Life Sciences (Sigmaringen campus only):

| Lecturer | Title | Code | Credits | Semester |
|--|--|----------|---------|----------|
| To be determined | Project work for Bachelor thesis Topics to be discussed Only for students who are in their final year in Food Technology / Nutrition. | LE51000 | 12 ECTS | 7 |
| To be determined | Project Topics to be discussed, only for students with background in Food Technology / Nutrition / Pharmaceutical Technology / Chemistry. | LE42000 | 5 ECTS | 7 |
| Prof. Dr. Klingshirn Prof. Dr. Möller Prof. Dr. Schmid | Recent topics in Food / Hygiene / Nutrition: Overall introduction and presentation of current trends and topics in food and hygiene technology and individual project work on a topic of free choice. | LE 37100 | 5 ECTS | 6 |
| Prof. Dr. Klingshirn | Food and Technology 3: Food product development (including practical sessions) and physical food analysis (analytic and sensory analysis of food processing effects) | LE41010 | 5 ECTS | 7 |
| Prof. Dr. Müller | Lecture - Pharmaceutical Technology 3 | PH41500 | 5 | 7 |
| Prof. Dr. Kötting | Drug Development - from lab to clinical application (with Laboratory part) | PH31500 | 7,5 | 6 |
| Prof. Dr. Kötting | Basic Biochemistry | PH23000 | 5 | 3 |
| Prof. Dr. Müller | Lecture - Pharmaceutical Technology 3 | PH41500 | 5 | 7 |

Language courses (Albstadt campus):
